

CONFIDENTIAL

9 October 1946

MEMORANDUM TO: Mr. Huddle

SUBJECT: Program of Indoctrination

REFERENCE: ICAPS Memorandum of 30 September 1946

1. Mr. Edgar indicated in a recent discussion that what he has in mind is a briefing and indoctrination of the higher ranks of those going abroad to serve in a diplomatic mission, plus occasional special briefings like that of Mr. Brownell. It may be assumed therefore that most briefings will be individual, and will be planned around the circumstances of a particular case.

2. Ambassadors and other top-ranking persons would be indoctrinated under the personal direction of the Director of Central Intelligence, while the briefings of lower ranking persons would be done on an appropriate level.

3. In addition to some indoctrination on the mission and organization of CIG, there would be a specific regional or functional briefing by personnel chosen to fit the specific circumstances.

4. The enclosed draft of a proposed reply to Mr. Edgar's memorandum, prepared for your signature if approved, has been drawn up in the light of the above.
